

A cikk első két része elég nagy port kavart fel, és láttam (más weboldalakon is), hogy többen továbbra is kételkednek a reptoid ET fajok, főleg a gyíkemberek és sárkányok létezése felől. Pedig valós lényekről van szó. A cikkben további, a létezésükre utaló esetek leírása található.

De először nézzük, mi is szerepel az UFO irodalomban ezekről a lényekről, pl. itt:

<http://paleoasztronautika.lapunk.hu/?modul=mcsop&a=224147>

(lásd: "Földünkkel kapcsolatban lévő idegen fajok")

1. A gyíkemberek

"A csoport következő prominens képviselője a Dean által humanoid fajként bemutatott, hűllőszerű karakterekkel rendelkező, **180-210 cm magas gyíkemberek (reptilians)**. A gyíkemberek fajának leírásakor egyaránt szóba kerül a földi és más csillagrendszerek is, mint földönkívüli eredet .

...□

Thomas Castello, a Dulce bázis korábbi tisztje szerint, létezik egy szigorúan titkos földalatti létesítmény ahol számos földönkívüli faj tevékenykedik az USA nemzeti titkosszolgálataival közös programokon; a gyíkemberek a kezdetektől fogva egymás mellett dolgoztak emberekkel, s más, földönkívüli fajokkal:

„... néhány gyíkfaj [reptilians] őshonos földlakó. Az „idegenek” vezető faja a gyíkembereké... Rendkívül régi fajt jelentenek itt a Földön, **a felszín alatt élnek.**

Amikor Vezető Biztonsági Technikusként dolgoztam a bázison [Dulce], napi gyakorisággal kellett kommunikálnom velük. Ha bármi probléma adódott, ideértve a biztonsági dolgokat vagy a videokamera-rendszert, engem hívtak. A gyíkemberek „**dolgozó osztálya**” volt az, aki rendszeresen alacsonyabb szintű működési állapotba hozta a fizikai laboratóriumot a Dulce bázison”

És most!

2. A Lee County-ban 1988-ban látott gyíkember

http://en.wikipedia.org/wiki/Lizard_Man_of_Scape_Ore_Swamp

Mint ahogy a wikipédia is írja:

*“The Lizard Man is described as being **7 feet (2 m)** tall, bipedal, and well built, covered in dark hair with scaly lizard like skin on hands, feet and face. It is said to have three toes on each foot and three fingers on each hand which end in a circular pad on them that stick to walls. The creature has an incredible degree of strength, more than capable of ripping into a car. It might have a tail.”*

*“A Lee-Countyban 1988-ban látott gyíkember **kb. 2 méter magas volt**, erős testfelépítésű... kezén, lábán és arcán pikkelyszerű bőr volt sötétszínű “szörrel”. Három lábujja és három kezujja volt ... Iszonyatos erejű, autókat is képes felfeszíteni a saját erejével. Alighanem farka is volt.”*

Bár a wikipedia cikk azt állítja, hogy a “mocsarokból jött elő”, valójában viszont az Oak Ridge-i, NSA által üzemeltetett mélységi földalatti katonai bázisról szökött el nekik, jött fel a felszínre anélkül, hogy alakot változtatott volna emberre (erről rövidesen!), számos a háttérhatalmi elit és az ET-k közt létező titkos egyezséget megszegve ezzel.

Korabeli újságcikk a „rejtélyről“:

*„Lee County seeks ‘**lizard**’ with bad attitude“*

*(Lee County egy rossz atitüdü „**gyikot**“ keres)*

SUMTER (SO) ITEM 20 JULY 1988

Christopher Davis recounts experience with alleged seven-foot tall lizard

Bumps in the night?

Lee County seeks 'lizard' with bad attitude

LEE COUNTY, Fla.—A man who says he was attacked by a seven-foot lizard in the woods near his home in Lee County, Fla., is seeking help from the local sheriff's office to find the creature. Christopher Davis, 34, of Leesville, says he was attacked by the lizard on the night of July 15. He says the lizard was about seven feet tall, had a long tail, and was very aggressive. Davis says he was alone in the woods and was attacked while walking home. He says the lizard bit him on the arm and leg. He says he was taken to the hospital and is recovering. He says he is looking for the lizard and is willing to offer a reward. He says he has no idea where the lizard lives. He says he is looking for anyone who has seen the lizard or has any information about it. He says he is willing to provide any information he has. He says he is looking for the lizard and is willing to offer a reward. He says he has no idea where the lizard lives. He says he is looking for anyone who has seen the lizard or has any information about it. He says he is willing to provide any information he has.
